GENERAL INSTRUCTIONS

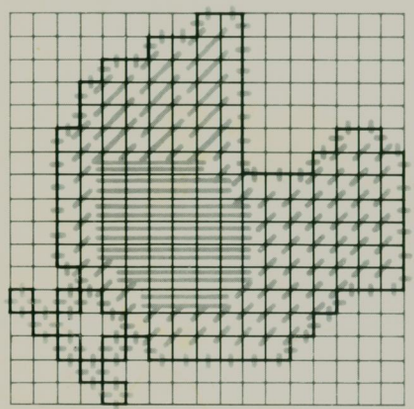
SUPPLIES

7 mesh, 10⅝" x 13⅝" sheet plastic canvas
Worsted weight yarn
6-strand embroidery floss
Ribbon for bows
Magnetic Strip
Glue
#16 Tapestry needle

WORKING DIRECTIONS

Cutting: When cutting out a plastic canvas magnet, it may be helpful to use a ruler and pencil to extend the grid lines of the chart to form a rectangle ***(Fig. 1)***. Using the width and height thread counts, cut out rectangle. Then following chart, trim rectangle into desired shape.

Fig. 1



Stitching: Following chart and using required stitches, work magnet.

Finishing: Trim Magnetic Strip to desired size and glue to wrong side of stitched piece.

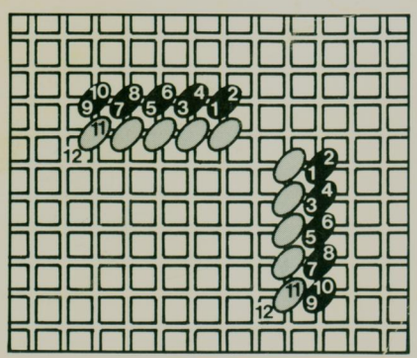
STITCH DIAGRAMS

Bring threaded needle up at 1 and all odd numbers and down at 2 and all even numbers. Shaded stitches indicate second row; white stitches indicate fill-in stitches.

TENT STITCH

This stitch is worked in vertical and horizontal rows over one intersection as shown in **Fig. 2**.

Fig. 2



GOBELIN STITCH

This stitch is worked over 2 or more threads or intersections ***(Figs. 3a & 3b)***. Number of threads or intersections may vary according to chart.

Fig. 3a

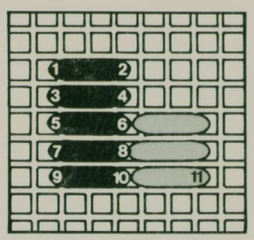


Fig. 3b

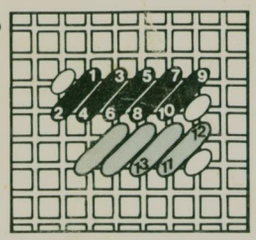
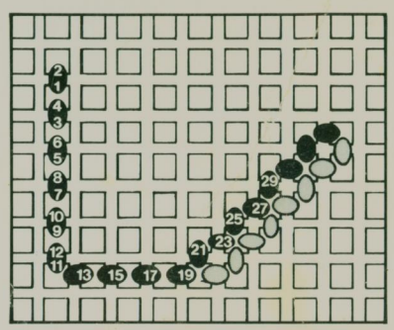


BACKSTITCH

This stitch may be worked over completed stitches to outline or define. It sometimes is worked over more than one thread. Backstitch also may be used to cover canvas ***(Fig. 4)***.

Fig. 4



FRENCH KNOT

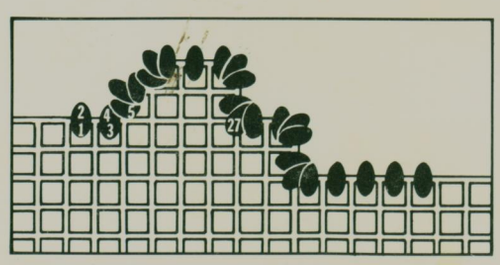
Bring needle up through hole. Wrap yarn once around needle and insert needle in same hole, holding end of yarn with non-stitching fingers ***(Fig. 5)***. Tighten knot, then pull needle through canvas, holding yarn until it must be released.

Fig. 5

OVERCAST STITCH

This stitch covers the edge of the canvas ***(Fig. 6)***. When going around a corner, it may be necessary to go through the same hole more than once to get an even coverage on the edge. On an inside corner, an extra stitch (27) is sometimes required across the intersection to ensure coverage.

Fig. 6



We have made every effort to ensure that these instructions are accurate and complete. We cannot, however, be responsible for human error, typographical mistakes or variations in individual work.

Instructions tested and cover items made by Christel Shelton.
